INTELLIGENT FIT

For serious competition and fitness swimmers, goggle fit is vitally important. You want to put on your goggles and forget you're wearing them. So you're free to focus on performing better and achieving more in the water.

At Speedo, we understand this. Our researchers at the Speedo Aqualab<sup>®</sup> carried out extensive global head scanning, helping us to create goggles that are truly designed for real world faces. The result is an unparalleled, precision fit that inspires confidence and frees you to be the best you can.

**Data Driven Design**  
Real world head scanning helped create a product that fits the contours of the face much better.

**IQfit<sup>™</sup> Strap**  
Unique and innovative tensioning scale enables you to achieve a secure and accurate fit every time.

**IQfit<sup>™</sup> Seal**  
3D goggle seal ensures maximum leak resistance\*, reduced marks\* & a secure fit with less strap tension.

**Eco Pullbuoy**  
8-13530G775 Nordic Teal / Atomic Lime / Olive

Style: 33813530G775  
Price: \$ 239

**Eco Pullbuoy**

NEWSpeedo training aids – now with improved eco-credentials. Developed in partnership with Bloom, our new pullbuoy is made from a mix of eco-conscious algae and EVA foam, using algae cleared from fresh water eco systems when detrimental to the environment. With each pullbuoy manufactured, 50 bottles of clean water and 31M<sup>3</sup> of clean air have been returned to the environment in the process, helping to restore balance to the eco system.

Adding buoyancy to your swim, the Pullbuoy isolates the upper body so you can focus on your arm pull and catch technique whilst building your upper body strength and power. With a rounded design, it's more comfortable to use during long training sessions.

**Features**

- Improved comfort and rounded design
- Ideal for learning new drills and technique work
- This Pullbuoy develops upper body strength and allows you to focus on arm technique.
- 50 bottles of clean water and 31 M<sup>3</sup> of clean air have been returned to the environment in the making of this product.

**Eco Kickboard**

NEWSpeedo training aids – now with improved eco-credentials. Developed in partnership with Bloom, our new Kickboard is made from a mix of eco-conscious algae and EVA foam, using algae cleared from fresh water eco systems when detrimental to the environment. With each kickboard manufactured, 51 bottles of clean water and 32M<sup>3</sup> of clean air have been returned to the environment in the process, helping to restore balance to the eco system.

Adding buoyancy to your swim, the kickboard isolates the lower body so you can focus on your kick technique, improve your leg strength and build power.

**Features**

- Kickboards isolate the lower body so you can focus on your kick technique and improving leg strength.
- Kick technique - increasing buoyancy isolates your lower body, leaving you free to focus on your kick technique.
- Leg strength - Kickboards allow you to build up leg muscle and strength, by forcing your lower body to do all of the hard work.
- 51 bottles of clean water and 32 M<sup>3</sup> of clean air have been returned to the environment in the making of this product.

**Pullkick Foam**

Space-saving pullbuoy-kickboard hybrid. Get more from your workout with the 2-in-1 Pullkick and take one training aid to the pool instead of two. Engineered for optimum buoyancy, the pullkick can be used to isolate the upper or lower body, allowing you to build arm or leg strength and improve your technique, depending on your training focus. Comfortable to use, it can be used to help improve and maintain a better body position during training.

**Features**

- Engineered for optimum buoyancy
- Space saving design doubles as a pullbuoy and kickboard
- Engineered for comfort

**Kick Board**  
8-01660G063 Fluro Tangerine / Blue Flame

Style: 33801660G063  
Price: \$ 199

**Kick Board**

Nail your kick technique and build leg strength. Ideal for technique sessions, the Kickboard puts the focus on your lower body, providing buoyancy so you can focus on perfecting the kick phase of your stroke. Without your arms for assistance, the lower body has to work harder to propel you through the water, which helps build leg strength and muscular endurance. Contoured for comfort, the kickboard includes grip holes for a comfy swim experience.

**Features**

- Grip holes increase grip
- Contoured for extra comfort
- Kick technique - increasing buoyancy isolates your lower body, leaving you free to focus on your kick technique.
